

Style slipups

Someone needs to tell MONIQUE COLEMAN that wearing a ballet outfit doesn't necessarily make you a good dancer!

Tutu much!
JOSH: Her outfit sure does make a statement. It says, "I lost a bet."
DANIELLE: I just hope I never open a jewelry box to see this.
MEREDITH: She's kind of big for a fourth grader, no?
SUZETTE: Is she starring in *Ice Castles II*?

IVANA TRUMP out and about in NYC.

Big ol' blueberry
KATINA: Fess up, Ivana. How many Smurfs were killed in the making of that coat?
MICAH: How versatile — it's a jacket by day and a bath mat by night.
DANIELLE: Oh my god, she's actually wearing the Cookie Monster.
SUZETTE: This is what happens to your brain after you sleep with Donald Trump.

PHOEBE PRICE with her pooch at an event in LA.

A dog of a dress
SHELAGH: At the end of the night, those arm warmers double as doggie bags.
MEREDITH: That Price is so not right.
JILL: It's a really bad sign when the dog is the best-looking thing about your outfit.
MICAH: This season on Fox: *When Animal Prints Attack!*

EVE heading out for a night in NYC.

Furball faux pas
BRIAN: Shouldn't she be getting ready to hibernate by now?
NATASHA: She looks like she should be lying in front of a fireplace.
JILL: Only a Pomeranian can pull off that look.
SUZETTE: The perfect outfit — if you're trying to attract Chewbacca.

ROSANNA ARQUETTE at the afterparty for *Desperately Seeking Susan* in London.

Desperately seeking hands
JOSH: Who says, "I want a shirt that makes me look like a melting candle?"
DANIELLE: Well, cupping your hands inside of your dress certainly *is* cheaper than a boob job.
NATASHA: Maybe she broke a nail and thought this would attract less attention?
BRIAN: What, are hands out this season?
